## Curriculum Vitae

E. Mark Inglis, M.B.A., B.A., L.A.T., O.A.L.A.  
Landscape Architect, Recreation Planner,  
Urban Designer

### Project Experience – Landscape Architect

#### Park Development

- Mission Fields, Kelowna, B.C.: Construction plans and contract for a four softball field complex including irrigation, fieldhouse and parking.
- Parc Downsview Park, Toronto: Concept and construction drawings are formulated from winning submission of design competition. Preparation of contract documents for five contracts for construction
- Harmony Valley and Cedar Valley Parks, Oshawa: Two well attended public meetings were key to the resulting master plan. Cedar Valley Master Plan featured a trails network that connects Oshawa's trail system through this 70 acre site. Harmony
- Valley Master Plan combined active soccer fields and an organized dog off-leash facility with a trails network.
- Ontario Science Centre - Landscape Management Master Plan: This report defined and connected exterior landscape spaces with interior programs. The implementation program included trails, environmental enhancement, education, wayfinding and maintenance.
- Flower City Community Campus Master Plan, Brampton: Plans and development report
- Stroud Skateboard Park, Innisfil: Detailed plans for construction of a skateboard park at the Stroud Community Centre.
- AOK PlayPark, Newmarket: community directed park planning assignment resulted in the construction of a downtown accessible playground for children and adults of all abilities.
